Subject: REMINDER: SAIMENA Cape Branch Monthly Meeting - 20 July 2017

## TRENCH-LESS PIPELINE REHABILITATION PRESENTATION BY:

Water Damage Services Operational Director - Craig Bennett

### EVENT DETAILS:

DATE: 20 July 2017

TIME: 17h30 for 18h00

VENUE: CPUT Survival Centre, Granger Bay, Beach Road, Mouille Point

Trench-less pipeline rehabilitation is a form of sub-surface construction work that requires few trenches or no continuous trenches.

It can be defined as '*a family of methods, materials, and equipment capable of being used for the installation of new or replacement or rehabilitation of existing underground infrastructure with minimal disruption to surface 'traffic', business, and other activities*'.
